

HIPAA Opt-Out Elections for Self-Funded Non-Federal Governmental Plans

This table, which will be updated periodically, reflects active HIPAA exemption elections, as authorized by section 2722(a)(2) of the Public Health Act (42 USC § 300gg-21(a)(2)), as amended, and implementing federal regulations at 45 CFR § 146.180.

For plans beginning before September 23, 2010, the seven requirement categories from which sponsors of self-funded non-federal governmental plans may elect to exempt those plans were:

1. Limitations on preexisting condition exclusion periods.
2. Special enrollment periods.
3. Prohibitions against discriminating against individual participants and beneficiaries based on health status.
4. Standards relating to benefits for mothers and newborns.
5. Parity in the application of certain limits to mental health benefits.
6. Required coverage for reconstructive surgery following mastectomies.
7. Coverage of dependent students on medically necessary leave of absence.

Plans with plan years beginning on or after September 23, 2010 are not able to opt out of provisions #1-3 above. The opt-out elections of plans with collective bargaining agreements (CBAs) ratified before March 23, 2010, remain in effect until these plans' respective CBA's expire.

In this table, "X" means that the entity has opted out of this item; "-" means that the entity has not opted out of this item.

This table was last updated July 31, 2023

* Unless otherwise noted below, the opt-out(s) is/are in effect for one year from the Plan Effective Date.
