

Health Insurance Oversight System

Health Insurance Oversight User

Portal Quick Guide

To access the Health Insurance Oversight System (HIOS), users will need to go through the CMS Enterprise Portal and register for a CMS IDM account. IDM is the acronym for CMS' Identity Management system which includes Identity Management, Access Management, Authorization Assistance Workflow Tools, and Identity Lifecycle Management functions (i.e., Password Reset, Forgot User ID, etc.). IDM handles the identity verification of users trying to request access to CMS systems. A CMS IDM account ensures that only authorized/registered users can access protected information and systems through the CMS Enterprise Portal. This guide provides detailed steps on how users register for a CMS IDM account and request access to HIOS.

New users are required to complete the Remote Identity Proofing (RIDP) process as well as Multi-Factor Authentication (MFA). As part of the RIDP process, users will be required to answer questions related to their personal information. Users will also be prompted to complete the MFA registration process, which requires users to provide more than one form of verification in order to access the CMS Enterprise Portal. Once an MFA device is registered for their account, users must use this device to log into the CMS Enterprise Portal.

NOTE: If you encounter any issues with your account or MFA device registration, please contact the Marketplace Service Desk at 1-855-267-1515 or email CMS_FEPS@cms.hhs.gov.

1 Create a CMS Enterprise Portal Account (For New Users)

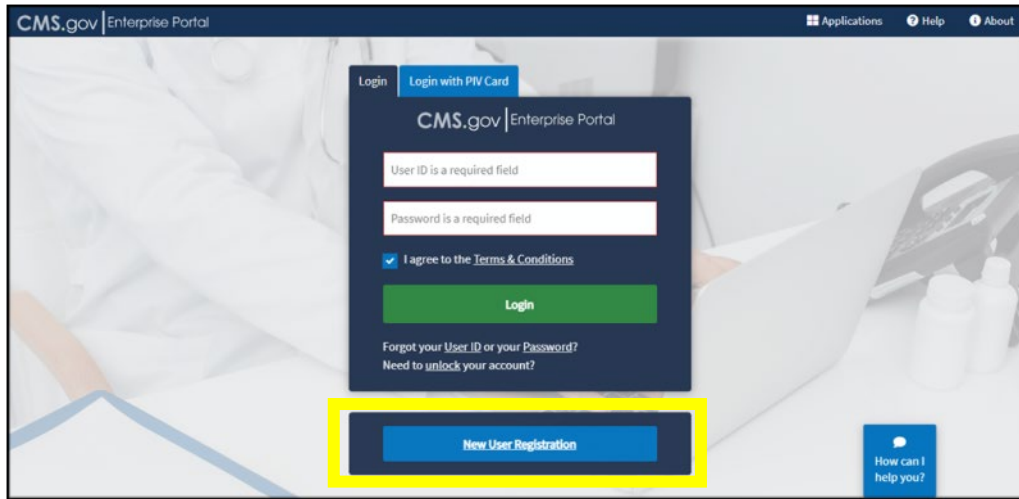

Important Information

- Users that are not registered in HIOS will need to create an Enterprise Portal account.
- If you are an existing HIOS user with an existing IDM user account, skip to section 4.

To create a CMS Enterprise Portal Account:

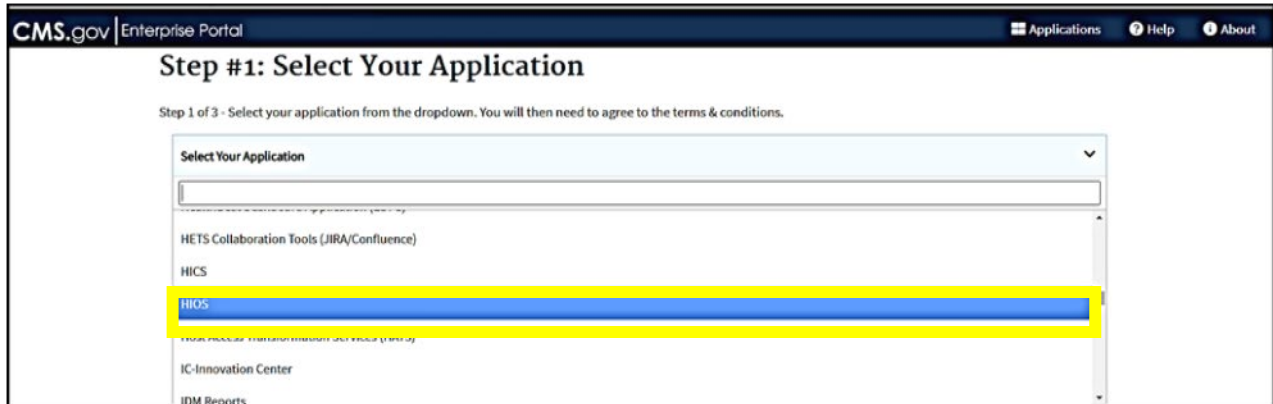

1. Navigate to CMS Enterprise Portal at <https://portal.cms.gov>.
2. Select the **New User Registration** button located at the bottom of the screen (Figure 1).

3.2 Enter Role Details

1. Upon completion of the identity verification, you will be returned to the Request Application Access screen. In the Enter Role Details section, **select Address location type** from the drop-down menu (Figure 17).

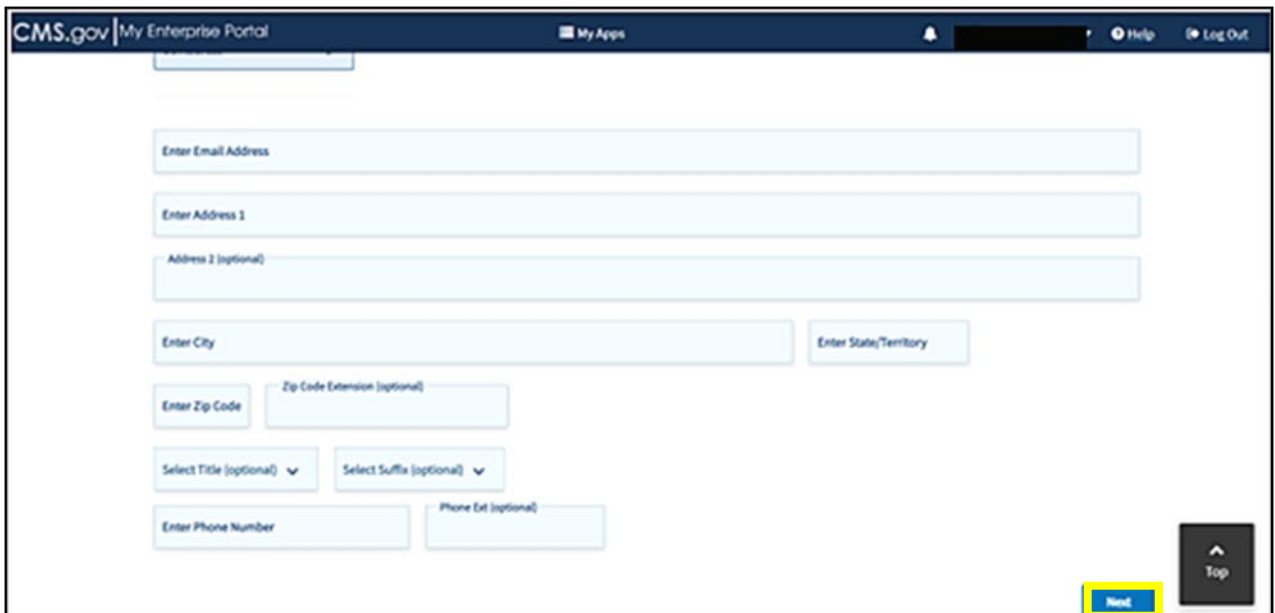

Figure 17: Enter Role Details

The screenshot shows the 'Enter Role Details' section of the CMS.gov My Enterprise Portal. The page has a dark blue header with 'CMS.gov My Enterprise Portal', 'My Apps', 'Help', and 'Log Out'. The main content area has a light blue background. It shows three steps: 2. Select a Role (HIOS User, Completed), 3. Complete Identity Verification (Completed Identity Verification, Completed), and 4. Enter Role Details. Under step 4, there is a note: 'All fields are required unless marked (optional)'. Below this, there is a form with a dropdown menu labeled 'Select Address location type' and a 'Next' button. The dropdown menu is highlighted with a yellow box, and the 'Next' button is also highlighted with a yellow box.

2. Complete the form and select **Next** (Figure 18).

Figure 18: Role Details Address Information

The screenshot shows the 'Role Details Address Information' form in the CMS.gov My Enterprise Portal. The form has a light blue background and contains several input fields: 'Enter Email Address', 'Enter Address 1', 'Address 2 (optional)', 'Enter City', 'Enter State/Territory', 'Enter Zip Code', 'Zip Code Extension (optional)', 'Select Title (optional)', 'Select Suffix (optional)', 'Enter Phone Number', and 'Phone Ext (optional)'. The 'Next' button is highlighted with a yellow box. There is also a 'Top' button in the bottom right corner.

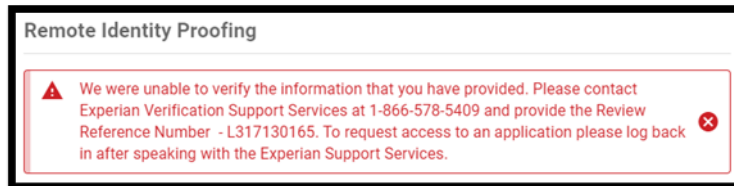

3. Fill-in the reason you need access within the **Enter Reason for Request box** and select **Submit** (Figure 19).
 - For example, "I need to submit my data in the RxDC HIOS module."

4. When the pop-up confirmation message appears, select **OK**.
5. When the Request New Application Access Acknowledgement message appears, select **OK** again.
6. If the RIDP Online Proofing is unsuccessful, then the system will display an error message (Figure 20).

Figure 20: Remote Identity Proofing Error

3.3 Unsuccessful Identity Proofing Steps

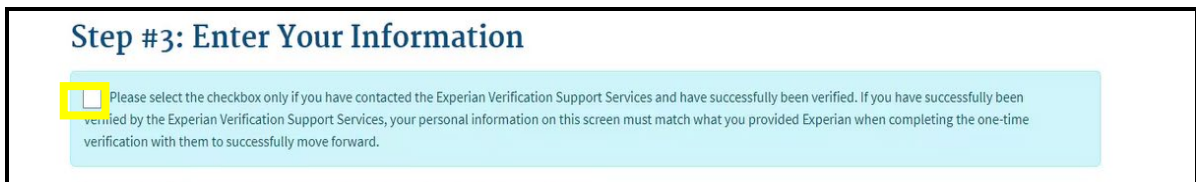

Important Information

- ONLY users that experience an error during the Identity Proofing process will complete this section.

Steps to take if the RIDP Online Proofing is unsuccessful:

1. Write down the Experian support contact information and the Review Reference Number. Select the **Cancel** button.
2. Contact Experian using the contact information provided in the error message and perform Phone Proofing.
3. If Phone Proofing was successful, sign into the IDM System and initiate the role request procedure again. When the user reselects the desired role, IDM will be aware of the success or failure of Online and Phone Proofing. The Role Request window displays a message which asks if Experian has been contacted (Figure 21).

Figure 21: Remote Identity Proofing – Checkbox

4. Select the “I have already verified my identity with Experian” checkbox if Experian has been contacted and click the **Next** button.
5. Verify that the information in the form exactly matches the information that was used to successfully verify the user’s identity by phone. Select the **Next** button and then Select the **OK** button. The Attribute menu appears, and the user resumes the Role Request procedure.

4 Accessing the HIOS Home Page

Important Information

- Both new and existing HIOS users will follow the steps in this section to access HIOS once they have a CMS Enterprise Portal account.

To Access the HIOS Home Page:

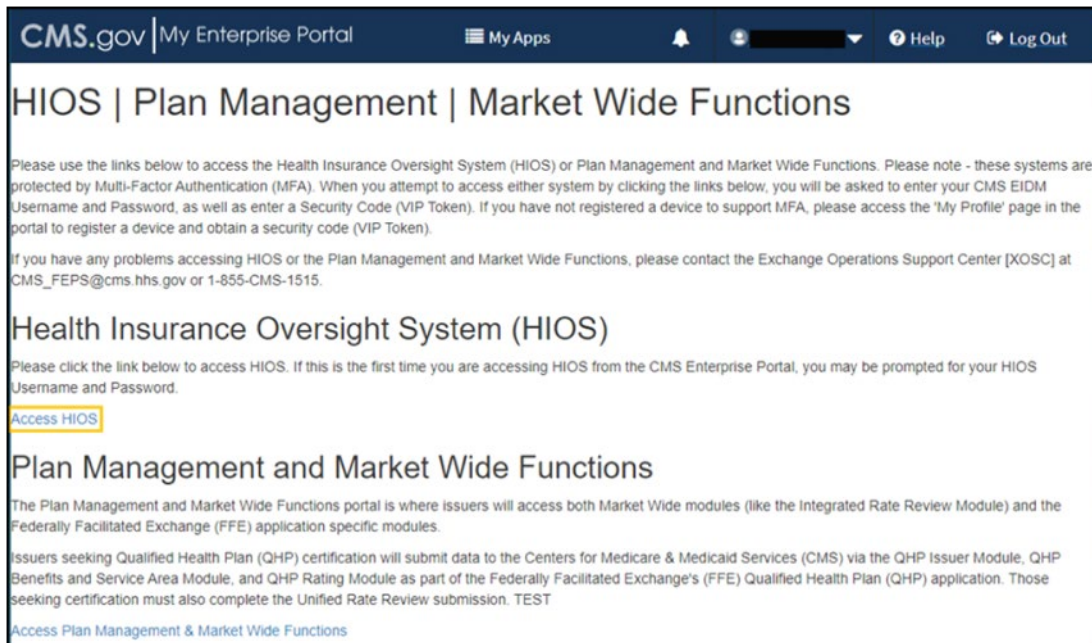

- After the HIOS Role request has been approved, navigate to CMS Enterprise Portal at <https://portal.cms.gov>. On the My Portal homepage, the HIOS application will display. Select **HIOS**, then select **Overview** (Figure 22).

5 Request HIOS Module Roles

Important Information

- If your organization does not exist in HIOS, skip to section 6 to create the organization. Once the organization has been created and approved in HIOS, you will need to revisit this section to request the role. The organization must exist in HIOS before a role can be requested.
- If you require an issuer role and your issuer does not exist in HIOS, skip to section 7 to create an issuer. Once the issuer has been created and approved in HIOS, you will need to revisit this section to request the role. The issuer must exist in HIOS before a role can be requested.

To request the HIOS roles:

1. New users can select the **Request A Role** button on the page (Figure 25).

Figure 25: HIOS Homepage for New Users

- Existing HIOS users will need to select the **Welcome** drop-down and then select **Request a Role** (Figure 26).

The screenshot shows the 'Request a Role' page in the Knowledge Center. At the top, there are navigation links for 'Home', 'Knowledge Center', and 'Help'. The main heading is 'Request a Role'. Below the heading, there are two paragraphs of instructions. The first paragraph states that fields with an asterisk (*) are required and directs the user to the 'Browse by Module' page. The second paragraph notes that an organization must be registered in HIOS. The form is divided into two steps. Step 1, 'Select a module', is completed with 'Prescription Drug Data Collection (RxDC)' and has a 'Revisit this step' button. Step 2, 'Select a role', is currently active. It includes a note: '* Please select the role below:'. Below this, the 'RxDC Submitter' role is selected with a radio button. A green 'NEXT' button is highlighted with a yellow box at the bottom of the step.

5. Select your **Association Type** and then select the **Search** button (Figure 29).

Figure 29: Add Association

The screenshot shows the 'Request a Role' page, now at step 3: 'Add association'. The 'Add association' step is highlighted with a yellow box. Below the step heading, there is a note: 'To add an Association to this role request, you must search for it in the system.' Underneath, there is a section for '* Association Type' with three radio button options: 'HIOS Issuer ID', 'Organization with FEIN', and 'Organization without FEIN (Other Organization)'. A green 'NEXT' button is visible at the bottom of the step.

6. Within the Search for Association box, enter **YOUR company's EIN** and select **Search** (Figure 30).
 - NOTE: If your company is not already registered in HIOS, you will receive the message "The organization does not exist..." select **Create an Organization** and then skip to the instructions in Section 6 below. After the organization has been approved, you will need to revisit section 5 to request the role.

6 Create an Organization

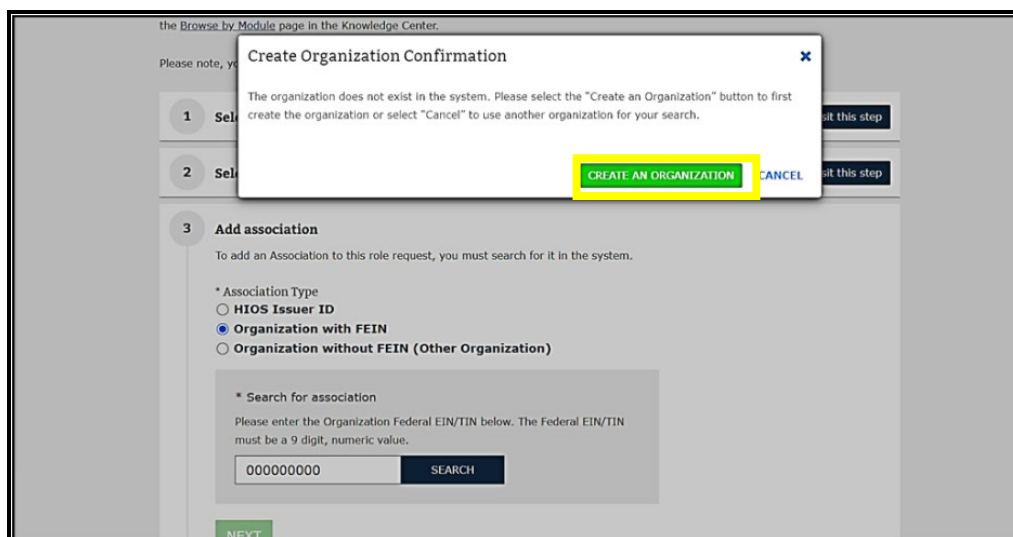

Important Information

- You may skip this section if your organization already exists in HIOS. (Please Note - If you have previously submitted data within HIOS, then your organization is already registered within HIOS.)
- If your organization does not currently exist in HIOS, please complete this section to register your organization in HIOS.

To create a new organization in HIOS:

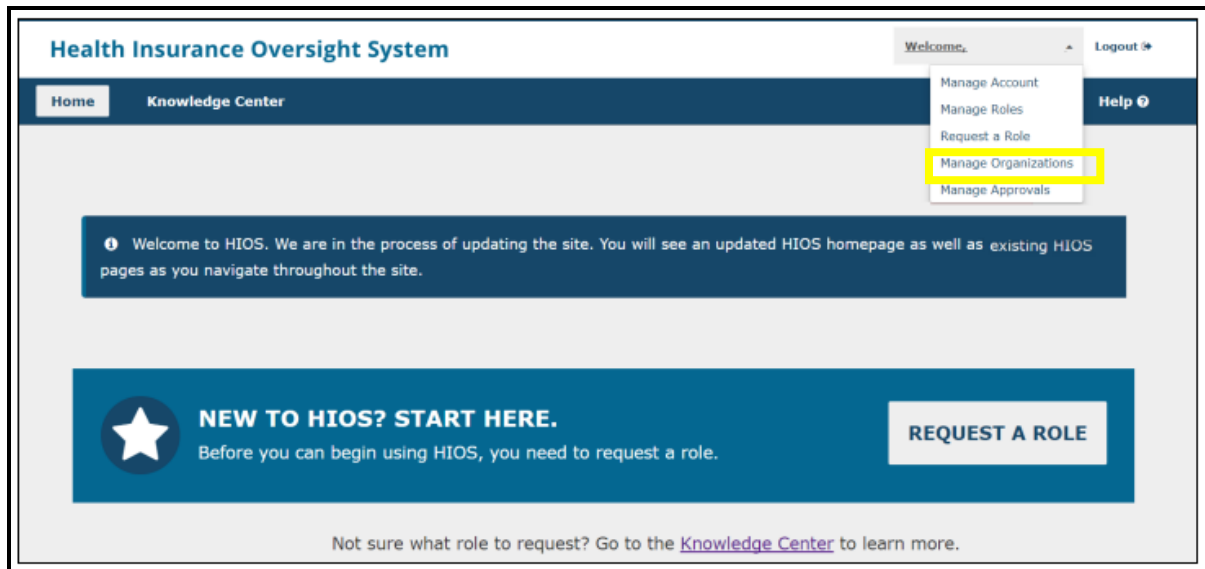

1. If your organization does not currently exist in HIOS, you will receive a message "The organization does not exist..." when attempting to Add association during the role request process. Select **Create an Organization** (Figure 34).

Figure 34: Create Organization Button

Alternatively, you can create an organization directly from the HIOS home page by selecting **Manage Organizations** from the Welcome drop-down (Figure 35). Either action will take you to the 'Create an Organization' page where you can then complete the steps to register your organization in HIOS.

Figure 35: Manage Organizations

2. On the Create an Organization page, **Select the Organization's Primary Function** according to the instructions below. After selecting your organization's primary function, select **NEXT** (Figure 36).

Organization Primary Function Notes:

- Organizations that are legal entities licensed to sell health insurance products and plans, and/or submitters from the parent corporation of licensed insurance entities, should select the first option.
- Agents and Brokers, TPAs, PBMs, third-party vendors, Consultants, employer sponsored group health plans that are not non-federal governmental plans, self-insured employers, sole proprietors etc. should select the second option.
- For plans that are sponsored by school districts, fire departments, state governments and local governments, select the third option.
- Non-US registered foreign entities that are coming into HIOS to report information for Minimum Essential Coverage should select the last option.

The screenshot shows a web interface for creating an organization. On the left is a sidebar with navigation options: 'Manage Organizations', 'My Organizations', 'Create an Organization' (highlighted), 'Add an Issuer', 'Data Change Request', 'Add a Relationship', and 'Organization Search'. The main content area is titled 'Create an Organization' and includes a note: 'Please note, a field with an asterisk (*) before it is a required field.' Below this is a progress indicator with four steps: 1. Select the Organization's Primary Function (active), 2. Enter Federal EIN/TIN, 3. Organization Details, and 4. Confirm Your Request. Step 1 contains a required question: '* What is the organization's primary business?'. There are four radio button options, each with a description and examples. The 'NEXT' button is highlighted in green.

1 Select the Organization's Primary Function

* What is the organization's primary business?

A legal entity licensed to sell health insurance products and plans.

This is also the required selection if you are the submitter from the parent corporation of licensed health insurance entities, or you are submitting data for Plan Finder (PF), Rates & Benefits Information System (RBIS) or Marketplace Plan Management System (MPMS).

An entity whose primary business is not selling health insurance products and plans.

Examples include agents and brokers, pharmacy benefit managers, third-party administrators, consultants, employer-sponsored group health plans that are not non-federal governmental plans, self-insured employers, sole proprietors, etc.

An employer-sponsored group health plan offered by a state or local government.

Examples include plans that are sponsored by school districts, fire departments, state governments or local governments, etc.

A non-US registered entity whose health insurance is regulated by a foreign government.

This is the required selection if you are a non-US registered entity that is submitting data for Minimum Essential Coverage (MEC).

9 Frequently Asked Questions

Table 1: Frequently Asked Questions

Questions	Answers
Who can users contact for system support?	For Production system support, users can call the Marketplace Service Desk at 1-855-267-1515 or email CMS_FEPS@cms.hhs.gov .
How do users access HIOS?	To access HIOS, visit https://portal.cms.gov . Users will need to complete the registration for the CMS IDM account through the CMS Enterprise Portal prior to requesting access to HIOS.
How do users access HIOS and Plan Management & Market Wide Functions?	To access HIOS, users need to successfully complete the CMS Enterprise Portal registration for an IDM account. When users log in to the CMS Enterprise Portal, there will be a HIOS button displayed on the My Portal page. Users are not on HIOS maintained pages until they select the HIOS button. Once users select the HIOS button, they will be navigated to the landing page and can select either the Access HIOS link or the Access Plan Management & Market Wide Functions link to navigate to the HIOS Home Page. All HIOS and Plan Management functions will display on the same page.
Where do users request roles and access to HIOS modules?	Module access and role requests are done via the Request a Role function on the HIOS Home Page. To submit a request, users select the Request a Role link from the Welcome drop-down menu, the HIOS module(s), and role(s) applicable to the module(s).
Why can users not find the role(s) needed on the Request Role page?	Some roles for HIOS modules have restricted access. These will not display on the user interface. Users will need CMS approval before certain roles can be granted.
Which roles allow users to edit organization information?	Users should have the Company Administrator, Issuer Administrator, or Organization Administrator role to edit organization information and complete such tasks as updating the TPA information for that organization.
How do users view or access the module(s)?	To access the requested module, users need to select the correct link on the CMS Enterprise Portal page, either the Access HIOS link or the Access Plan Management & Market Wide Functions link. Users will also need to have the correct user role(s) to access specific HIOS module(s).
When users launch the module, there is no link available to access an application. How do users view the link to access an application?	Some HIOS modules (i.e., EDGE Server Management, Financial Management, QHP Modules, or RBIS) have a submission window where a link to an application can be accessible. When the submission window is closed, the link will not display, and users may see a message stating the application is not available or the submission window is closed.
